ALEXANDRI FRST PRESBYTERIAN CHRUCH

Volume 59

A Note from Nick

March 2024
Issue #3

Dear Friends,

As you know, in December our friend and brother in Christ, Oscar Philkill passed away. His passing was one of sadness and joy. Sadness because we lost a very devoted member of our family of faith who will be dearly missed. And joyful because Oscar lived a very full life, and at his passing we claimed the promise of the resurrection for Oscar and celebrated the glory that awaited him.

Oscar passed away on his 101st birthday and for many of us, he was the first person we ever knew who was 100 years old. We have fond memories of Oscar sitting in the back left hand side of the sanctuary. He was always quick with a smile and a kind word. And remarkably because he was in such good health, we often forgot that he was actually 100 years old. In fact, he was such a fixture here in our church that none of us can possibly ever remember a time when he wasn't a part of the life of AFPC. January 12 was the 90th anniversary of when Oscar joined the church! He joined AFPC in 1934! Can you imagine that . . . 90 years of worshiping and serving God at the same church?! Think of all of the pastors that he knew, the many members that came and went, and all of the hymns, prayers and scripture that was lifted up to God in worship during those 90 years!

One thing you may not have known about Oscar is that he loved to paint! He was a big fan of "paint by number" paint kits and would spend hours each day methodically and lovingly working on each painting. Oscar loved to share his painting with others, showing them off in his house and gifting them to family members and friends. And before he died, Oscar offered two of his painting to the church with the hopes that they could be sold to raise money for the Youth Mission Trip. So, we are going to honor his wishes and continue his faithfulness by auctioning off these two paintings (see below). Beginning on March 10 during our Youth Sunday Fellowship time you will be able to place a bid in a silent auction for each of the paintings. We will keep the silent auction going for two weeks and then announce the winners during worship on March 24th. Remember, this is a fundraiser and there would be no better way to honor Oscar's legacy at our church than bidding generously and raising lots of money for our Youth Mission Trip! Plus, what a treasure it would be to have an Oscar painting hanging in your house to remind you of our devoted friend who worshiped faithfully at AFPC for 90 years!

In Christ,

Pastor Nick

The Rev. Nicholas Hatch

Baptism is the visible sign of an invisible event: the reconciliation of people to God. We rejoice with those who are celebrating their baptism anniversary this month. It was January that Nicholas Mahlon Folmar and Elena Grace Hedden were baptized. Congratulations and blessings upon being a child of God!

Meet Dixon

If you were at church on February 18th, you have already been introduced to Dixon Ntwiga, our friend from near Nairobi in Kenya. Dixon, who is working at Bobolink Farm on Stamets Road, has been worshipping with us since last summer. It didn't take him long to become involved in the life of our congregation. Dixon is a member of both the Chancel and Chime choirs, and did a great job as worship assistant a couple of weeks ago. He has attended several fellowship events, and is a regular at Lunch Bunch, as it coincides with his day off from his duties at the farm.

Dixon is 27 years old and is one of three siblings. He has a degree in Agriculture and Biotechnology, and is enjoying many aspects of the farm work at Bobolink Farm. He spends his days milking cows, making cheese and bread, and learning the ins and outs of farming in rural Hunterdon County. The last Sunday of each month, he travels to Jersey City to meet with other members of the Kenyan community, who are also here in the U.S.

Dixon has an adventurous spirit, and is always up for a new experience. He has been roller skating, swimming, and has enjoyed seeing fireworks, Halloween costumed children, homes lit up for the Christmas season, and especially snow! His family doesn't own a car, but he just got his permit and is learning how to drive. If you would like to invite Dixon on an adventure, or just get to know him, feel free to ask!

Until recently, Dixon thought he would need to go back to Kenya at the end of March, but he recently found out that his immigration counselor was able to get him an extension to stay here for the time being. That is welcome news, indeed! Join us at coffee hour, after worship on March 3rd, and introduce yourself to Dixon. You will find him to be a warm and friendly fellow.

“The Land is Not Empty: Following Jesus in Dismantling the Doctrine of Discovery” Book Study

As we continue to lean into the vision of being a Matthew 25 church, your AFPC Mission Team (MI), continues to explore opportunities that invite us to engage in the Matthew 25 tenets we've promised to uphold: building congregational vitality, dismantling structural racism and eradicating poverty. Recommended by our Presbytery (PC USA), “The Land Is Not

Empty: Following Jesus in Dismantling the Doctrine of Discovery” by Sarah Augustine, was offered as a book study in October, 2023. Nine church members participated, finishing in January, 2024.

It is frank and unapologetic. It tackles the historic evolutionary oppression Indigenous People suffered (and continue to suffer) at the hands of Christian ideology because of a collection of Papal Bulls and decrees identified as the Doctrine of Discovery.

The book navigates the reader through Ms. Augustine's own tribal heritage journeys. She introduces the origins of injustices plaguing Indigenous people while thoughtfully reconciling her Christian faith amidst the atrocities the Doctrine ignites. After finishing this important book, we study readers agreed that, at the very least, we owe it to Ms. Augustine and the Indigenous Peoples' nation, to open the discussion.

What is the Doctrine of Discovery?

Ms. Augustine, a Pueblo (Tewa) descendant, is founder and co-chair of The Dismantling the Doctrine of Discovery Coalition. This Coalition seeks to dismantle 500+ years of international policies that unfairly took advantage of Indigenous Peoples globally. In Ms. Augustine's own words on page 27, she teaches us: *“Legitimized by a misreading of Scripture, justifying that a land can be considered “empty”, therefore free for the taking, if inhabited by “heathens, pagans and infidels”, this Doctrine is a theological legal framework, dating as far back as the 1400's, that justified enslaving, seizing land and possessions of anyone who was not a Christian. Over time, these decrees dictating who was able to own land in colonized countries, became the basis of international law which most Western countries incorporated into their own national laws and policies.”*

Why We Need to Know About It:

The Doctrine's tenets continue to oppress. It's the architect of the congressional boundaries in which Indigenous Peoples still exist, here in America and globally. It mandates their freedoms, their rights and their livelihoods. Land ownership is non-existent. Almost 400 Indian boarding schools that assimilate native children out of Native American culture *still exist today*. Vast sacred tribal sites originally promised within reservation-legalese, are being rescinded and auctioned off in the name of mining, fracking and extractive industry - all to benefit the quality of non-Indian lives, while advancing global climate change at dangerous rates. We can read about the Arizona San Carlos Apache's on-going effort to preserve the Oak Flat site from Australian Copper Mining decimation here, <http://apache-stronghold.com> For the timeline, look here, <https://apnews.com> South America's Suriname, a vast rain forest geodome intrinsic to our global climate preservation, is at risk due to mining efforts as the government pushes thousands of Indigenous and tribal people into the capital city, denying their existence as rain forest people. They are not included in their census records because there is no “category” under which to list them. As a result, their ancestral lands are declared “empty” and “available for the taking”, the essence of the centuries-old Doctrine rhetoric.

How Can We Help?

Sarah Augustine has made it her life's work to repudiate the injustices this Doctrine has historically imposed, and suggests it requires renouncement by the Christian world. In future “Branches”, we will not only explore how our Presbyterian and Christian world leaders are attempting to answer that call, but address our own local heritage, how we, as Christians are still complicit in the Doctrine's continued oppression, and we'll seek ways to help change the Doctrine's trajectory.

We all need to learn more.

Visit <https://dismantleddiscovery.org> for more info as we attempt to follow Jesus in dismantling the Doctrine of Discovery.

Copies of the book can be found on the Conference Room shelves.

Youth Mission Trip Fundraising Efforts

So far this year the fundraising for the Youth Mission Trip is over \$2,000. The Breakfast Fundraiser, Krispy Kreme Donuts sale, and online donations are included in that total. I want to thank the congregation and the youth for their help and support! More fundraising opportunities are coming together this spring to prepare to send our teens and adult volunteers to help other less fortunate, in West Virginia now instead of Ohio.
